*All dollar figures expressed in thousands; due to rounding, figures may not add up. Based on grants of \$10,000 or more awarded by a national sample of 1,154 larger U.S. foundations (including 800 of the 1,000 largest ranked by total giving). For community foundations, only discretionary grants are included. Grants to individuals are not included in the file. International grants include: 1) cross-border grants and 2) grants to U.S.-based international programs.

¹The Public Affairs/Society Benefit category includes grants for public affairs, philanthropy, and general grants to promote civil society. Some civil society grants are captured in other categories, such as human rights and international development.
